I-TECH

Fixed Office System

Creativity and passion will always be shackled by the rigid office setting exuding an infinite dullness. Fixed Office System of I-tech can be matched and mixed into different combinations: linear, X-shaped, H-shaped, L-shaped, S-shaped, Y-shaped...variable office setting will always intrigue people's working passion.

Many people nowadays are in sub-health status as a result of long sitting, and working efficiency is thus severely degraded. The height-adjustable system is for sit-to-stand working mode, it could be controlled by smart phones, and workstation reservation is also available on it. Keep up with the 5G era with I-tech system for digital and highly efficient working.

Workstation Reservation for Co-working Space

I-TECH

Smart Height-adjustable Office System

Manual Control and App Control

An alarm will be triggered to remind you of changing your posture.

Sitting/standing time and calorie consumption data will be recorded for health analysis.

It has a fallback function, with which the desktop will automatically fall back whenever it detects an obstacle during its height-adjusting process.

When the height-adjusting system goes wrong, an error code will be displayed on the screen to specifically indicate its problem.
