CLAUDIO BELLINI DESIGN

Inspired by those beams of light shining in the darkness, Batmann is an elf of night, visualizing your imagination by turning it into a lifestyle.

“The process of design includes seeking, discovering, and creating beauty, which is an innate mission for designers.”

—Designer of Batmann
CLAUDIO BELLINI DESIGN

About Inspiration

From the growth of grasses,
we feel the charm of spring;
From the bitten apple,
we witness the story of Apple;
From the secret of locus swarm,
we developed the collision
avoidance system;
What would we get from those
beams of light shining in the
darkness?

Born from beauty, sparking inspiration.

When you are comfortably seated, you may see
the world differently;
from colors reflected in your eyes, you can feel
the burst of inspiration.
Be it a beam of light, enlightening you with the
touch of love;
or a layer of shadow, connecting you with the
world.
Just sit here, feel it, and get inspired.

Light transparent chair, mind inspiring.
 An artwork of light and colors, broadening your thoughts. Reflective PC material for the chair base is 16.5mm-thick, indeformable and durable, and is also widely used in automobile production. Coloring is uniform and bright, endowing the space with imaginary charm.

Trendy Colors for Trendsetters

Always remember to add some bright colors to your office life.

Red, black, yellow, white, coral, these colors of natural elements, make the chair beautiful inside and out.

Even the screws are of the same color of the chair body,

you just know it will set a new trend from the tiniest detail.

2 Leg Types Available for Choice

195 steel leg, an expression of minimalism with metal.
With four points in one plane, this four-forked base draws
a picture of conciseness,
With two lines in one plane, the cantilever base is a
symbol of steadiness.
With both passing the 100kg-load-bearing test, your
safety is guaranteed.

(Dis)assembling, Easy Peasy!

Smoothly shaped cambered back frame, shining
with a flow of light;

Loft-style steel feet, concise and light;

Four-screw fastening, taking only three minutes to
put together!

Open a Window, Get a Handle
The arch-shaped hole in the back
is the mouth of the spring of dynamism.
It's a handle as well as a ventilation opening.
With that, you can manipulate the space with
one bare hand.

Master of Stacking, Art of Storage

To make use of space to the maximum, stacking is the best way.

Up to 10 Batmann can be stacked together and moved together easily with a trolley. Such interaction may be a good way to enhance your friendship.

Here comes the morning meeting on Monday. Hurry, just grab the red chair you like. Enough to make your eyes sparkle. With ideas popping up in your head, you surely have the presentation today well in hand.

This is a game for master-hands.
The flame of thoughts is burning brightly,
intriguing your thirst for new ideas.
Hesitate no more, get your chair, join them!
