MT SERIES

A Step Inward, More Room to Connect

Set Back for More Space

With the legs recessed by 108 mm, there's more room to stretch out comfortably, even when seated near the edge. More freedom to move, more room to focus.

Orderly Desktop, Curved Legs

A clean, rectangular desktop brings a sense of order, while gently curved legs soften the overall form.
A discreet under-table power outlet keeps power close at hand and cables out of sight, leaving the surface clear and uncluttered.

A Step Outward, A Space for Ideas

Curved Legs, Closer Conversations

A teardrop-shaped desktop and outward-curving legs invite people to gather. A 1,200 mm span creates a comfortable distance for conversation, while tapered sides keep sightlines open.
Easy interaction, whether face to face or on screen.

Different Perspectives, Shared Purpose

A round table brings people closer, creating space for easy conversation and spontaneous brainstorming. Every voice has a place. Every idea has room to grow.

Grounded in Form, Steady in Presence

Stable in Form, Versatile by Design

From team discussions and cross-functional decisions to formal receptions and large-scale meetings, MT offers versatile sizes and configurations for different settings.
Its substantial form brings a sense of presence, while generous proportions create room for clear, focused conversations.

Understated Elegance, Lasting Appeal

Warm wood grain meets refined Meteor Gray, creating a look that feels composed without excess.
With its restrained design, MT brings quiet confidence to every conversation.

541mm Knee Clearance, Stretch with Ease

Inspired by origami, the 30° inward bevel reduces visual bulk, while creating 541 mm of knee clearance at both ends.
Generous legroom keeps you comfortable through long meetings, with space to stretch and stay focused.
